Code	Description	Scale
3959S	MAN TGX 18-500 XXL Lion Pro Edition	1:24

(artwork in progress)

New Parts – New Decals Sheet

The MAN TGX XXL has been acclaimed by the commercial and industrial vehicle sector for both its stylishness and for its "character", which provides a combination of driving comfort, reliability, and profitability. An aerodynamic profile reduces fuel consumption and optimizes vehicle efficiency. The XXL cabin features maximum on-board comfort and has been designed to be an integral feature of long-haul international transport activities. The range of engines available was developed to minimize consumption, reduce running costs, and guarantee a longer operating life. An additional step forward was taken by MAN with the introduction of the new line of reliable 6-cylinder D38 diesel engines, which delivered up to 640 HP and released a maximum torque of 3,000 Nm, improving the engine's performance in all weather conditions.
